Terry (Teresa),

Well, another year

has ended and that means

yearbook for is it memory book?

to sign. Since I have to sign

yours in ink I'll write things

you can't erase like T.C.

and L.G. (Gosse?) and

(Tight?). Enough, now to the

serious stuff. Good Luck

Terry and keep in touch.

Luv ya,

Chris

To my daughter,
Good luck to a fun
loving gal. It was
fun having you in
class. S. Conley

Terry,

To a crazy person

who always has \$1.25

to spare for little kids.

Just really
to a really
great girl never
in 9th grade the fun
forget all the fun
we've had in English!

Good Luck in Tech

Life's Journey

Life for me is just a winding path
Ever beckoning me trod its way
And leave the wrappings gently fall behind.

What should I do? Where am I to go?
There are so many questions —
So much I want to know.

I heeded its call and traveled my road.
It was lined with beautiful colors —
The red, blue, and golden days of my youth.

As I experienced new meanings
I matured slowly — surely.
I grew into more than just a child
As I reached out to touch the people around me.
I grew in Spirit; its shining light sometimes
dimmed
By shadows of the past.
BUT I PROGRESSED!

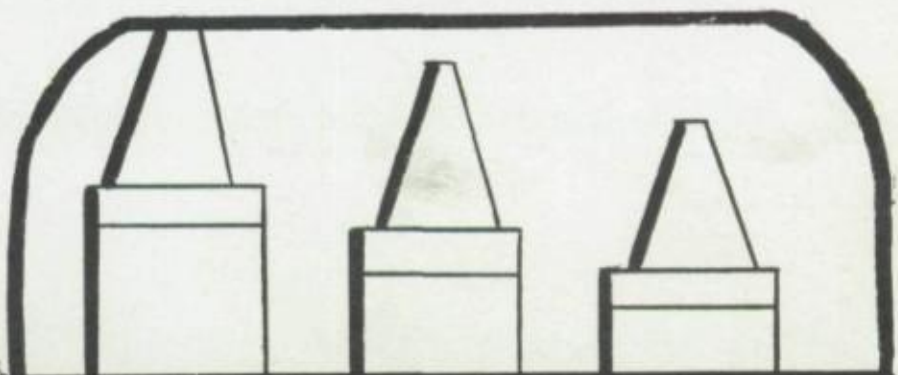

My path continues along its rugged course
Like a never-ending battle fought
I know that some day I should shall find my rainbow —
All life's colors ablaze.

I'll walk on unhesitatingly,
Journeying through this life,
Still holding in my hand,
A little piece of each new day.

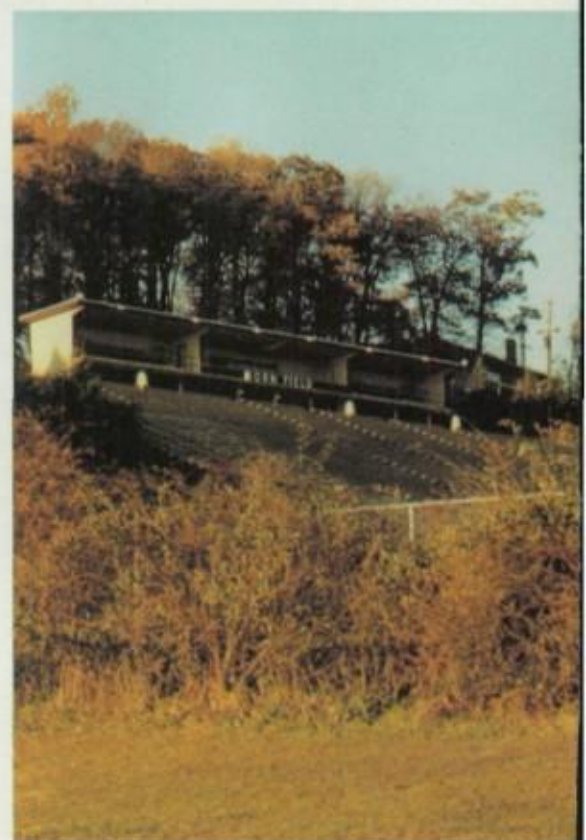

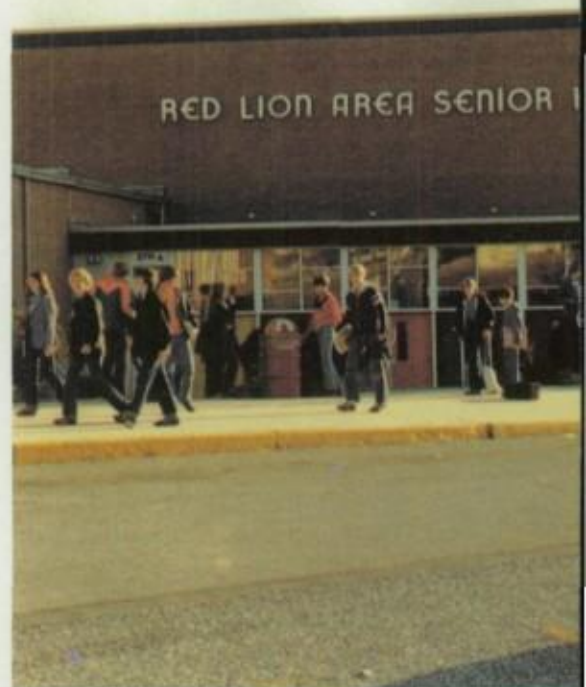

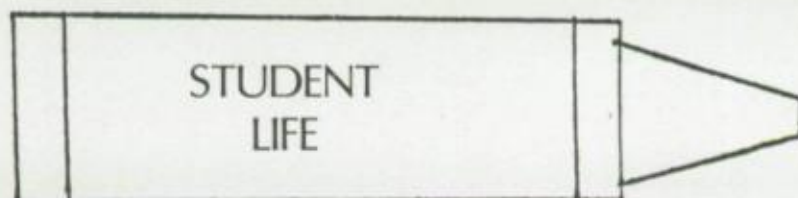

THIS IS A MOST UNUSUAL YEARBOOK
THE KIND YOU NEVER SEE
CRAYONS READY; VERY WELL,
BEGIN TO COLOR ME.

COLOR US BEAUTIFUL

Top Right: Kim Shenk struts her stuff. **Middle Right:** Sophomores show their spirit. **Bottom Right:** Leo is Red Lion's answer to the Urban Cowboy. **Below:** Coach Dyke offers words of encouragement. **Lower Left:** Band marches to the tune of a different drummer.

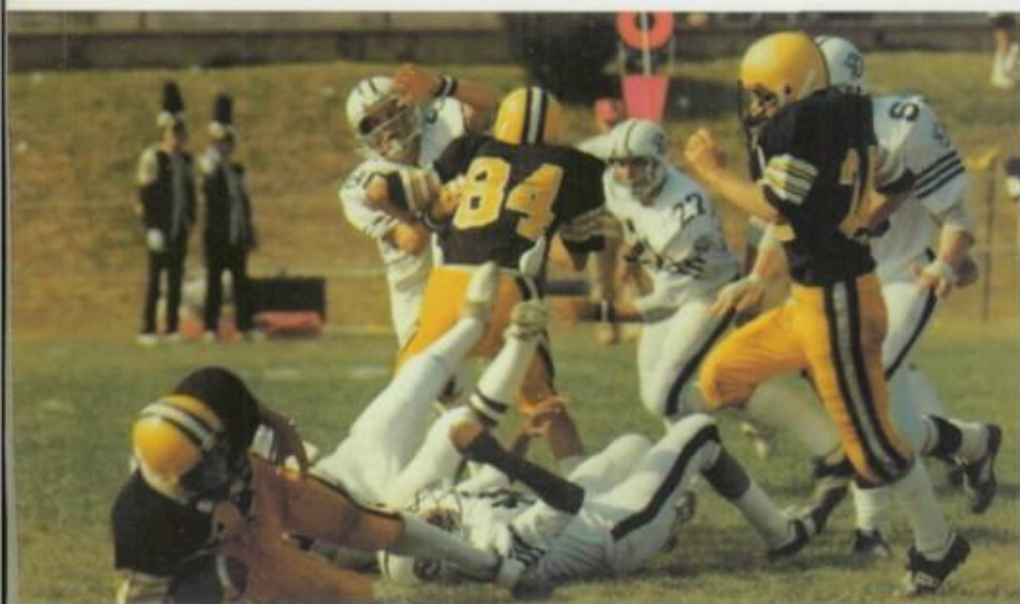

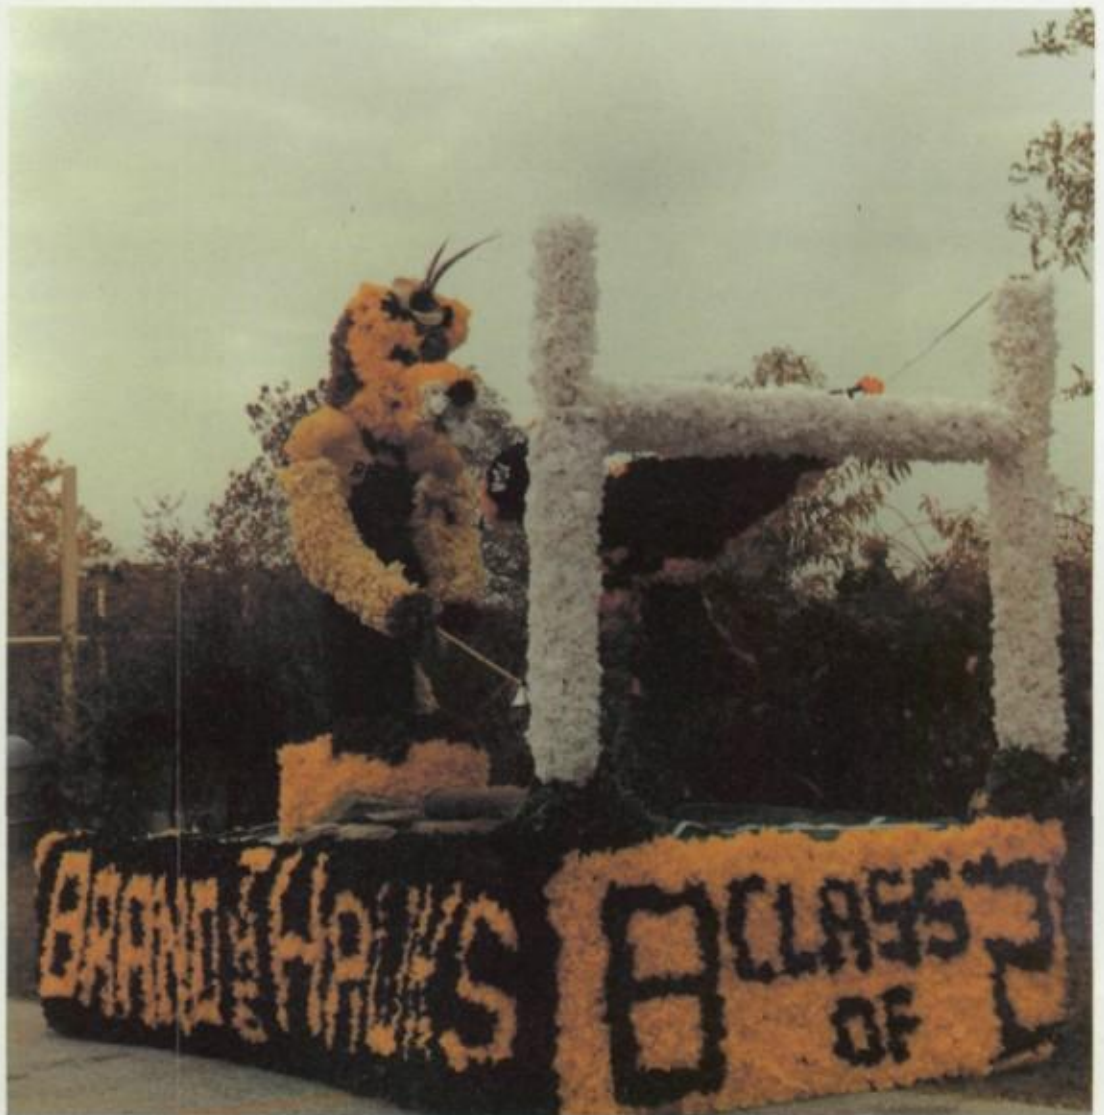

Top Left: Mr. Spirit spurs us on. **Middle Left:** Sophomores stand behind Leo. **Bottom Left:** Leo cruises down Main Street. **Top Right:** A woman's work is never done. **Bottom Right:** Our mighty Lions.

MEMORIES

Old memories
Of freshman hazing,
Pre-game rallies,
With bonfires blazing. . .
Memories of
Weekend dances
Blend with those
Of light romances. . .
Memories of study hall
And quiet walks
Upon the mall. . .
Such memories,
Fond souvenirs
Are ribbon and bow
Binding schooltime years.

COLOR US . . . 100 YEARS YOUNG

Right: Former Red Lion Student Lauren Poet was voted the Centennial Queen of Red Lion. **Middle:** Warner's, an established part of Red Lion industry, displayed an old fashioned moving van. **Bottom:** The Centennial Queen Contestants got into the spirit by dressing in the fashions of the 1800's.

1880-1980

Top: A slightly older model of our own school quartet. **Bottom Left:** This certainly isn't old fashioned music. **Bottom Right:** Grap-your-partner!

The past year Red Lion celebrated its 100th birthday. Many events took place throughout the year to commemorate this exciting event. A beard growing contest kept the men of the community on their toes, while the young ladies had a Centennial Queen Contest to keep them busy. The entire celebration was topped off by a big parade on Labor Day Week-end. Let's all hope for another 100 years of prosperity for Red Lion!

EAST MEETS WEST

This year we had the pleasure of meeting the spirited, friendly and vivacious Hiroko Tanaka.

Hiroko, this year's exchange student, is from Toyonaka City, Japan. She is residing with the DeFelice Family. She says she likes Red Lion because it's quiet, and not crowded.

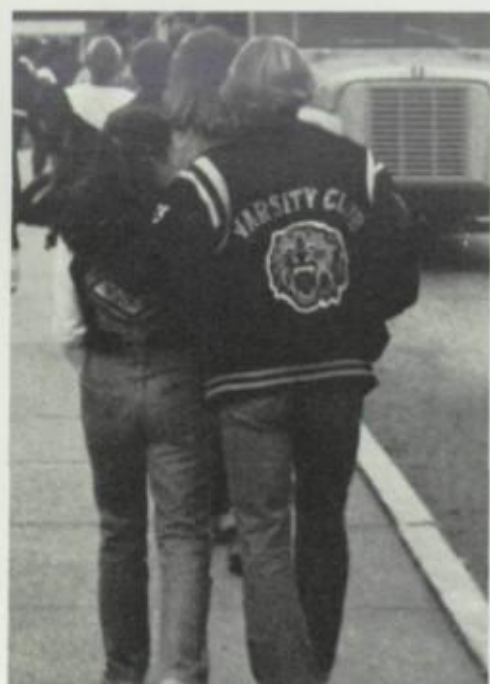

Hiroko has many interests, such as: ice-skating, skiing and playing volleyball. She also likes to attend sporting events. When we asked the students, how do you feel Hiroko's presence in Red Lion reflected on the student body, they responded with, "she is wonderful to have around, because it's fun to see her experience new things."

Also, "she is spunky and spirited. Hiroko is a great addition to the student body, for she touched all of us with a part of the world that we had not known before."

FRIENDS

You call me friend . . .
 But do you realize
 How much the name implies . . .
 It means that down the years,
 Through sunshine and through tears
 There's always someone standing by
 your heart.
 You call me friend . . .
 And thus your life and mine
 Grows richer in design . . .
 And I would have you know,
 Wherever you may go,
 There's always someone standing
 by your heart.

LEARNING ALL ABOUT OUR LANGUAGE

The English Department offers a wide range of courses from which students learn the rules of grammar, some fundamentals of creative writing, and an appreciation of literature. Grammar forms the foundation on which the complete study of English is built. Simple sentences become complex, and paragraphs merge into essays, making student writing enjoyable and rewarding. The study of literature opens our minds to the language of the past and the present in both prose and poetry. As we read literary selections, we meet people, listen to them, and even judge them. We evaluate characters in fiction and nonfiction just as we do our friends in real life. Our English courses provide an effective background through which we grow both intellectually and emotionally.

FOREIGN AFFAIRS

Spanish, French, Latin, and German courses are offered through the foreign language department at Red Lion, giving us an opportunity to become bilingual, or even tri-lingual. In addition to learning a new language, students also study and come to appreciate the heritage, customs, and background of a specific culture. The use of audio-visual equipment such as tapes, records, and maps help make the teaching-learning process pleasant and profitable. We can proudly boast that:

1. El estudio de Espanol es muy importante.
2. Le Francais est une langue tres importante.
3. Studium Latinae est maximum.
4. Deutsch ist line wichtige interessante Sprache.

IN ANOTHER PLACE AND TIME

Bringing to students' attention the fact that many unique cultures exist in the world, and that they have played an important role in the development of our own culture, is the primary goal of our Social Studies program.

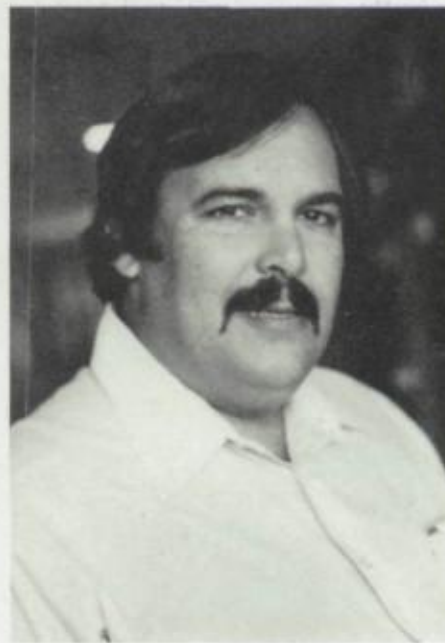

As freshmen, we delve into a common heritage, that of American Cultures, examining the major social, political, historical, and cultural aspects that contributed to making our nation so great. Second-year study of World Cultures explores and compares the cultures of such foreign countries as Africa, China, and India, and teaches the relationship of our own American culture to them. A variety of course choices afford an ample opportunity for juniors and seniors to gain a better understanding of human relations, the intricacies of our own economy, the nature and reason for the existence of law, and possible solutions to common social problems. Through classroom lecture, group and panel discussion, we learn to formulate our own ideas independently, and to acquire learning techniques that will enable us to build a more promising future.

THE ROOT OF THE PROBLEM

From algebra to calculus, the study of mathematics demands, clear, logical thinking. Teachers in Red Lion's mathematics department stress mental discipline and inductive/deductive reasoning as fundamental to mastery of more sophisticated mathematical concepts.

As freshman, we learn the language of numbers and variables — algebra. The study of geometry introduces sophomores to abstract ideas and concepts. Advanced algebra, trigonometry, math analysis, and calculus constitute a real challenge to juniors and seniors.

These math offerings all "add up" to an invaluable learning experience and an excellent preparation for future careers.

INVESTIGATING AND EXPERIMENTING

A well-equipped science department at Red Lion provides us with courses intended to develop logical and intelligent thinking. We gain insight from past and present scientific discoveries, and learn to apply important principles to our everyday lives. We come to realize that everyone is affected by the physical law of gravity, the biological law of respiration, and the chemical law of boiling point.

Facets of biology, from unicellular life to complex networks of human biology, are taught. Our knowledge of chemistry expands from atoms to complex compounds, while in the physical sciences we advance from density to vectors.

Classroom lectures and laboratory experiments deepen our perception so that we learn to create our individual learning experiences. Whether separating sludge, dissecting a cat, or mixing copper chloride solutions, most students agree that scientific study is challenging and demanding.

EVERYONE'S BUSINESS

The Business Department offers students many courses for future careers, such as Typing, Stenography, Office Practice, Practical Math, and Accounting. Beginning secretaries develop basic skills or accuracy and speed in shorthand and typing. Office practice presents the fundamentals of operating duplicators, copiers, and other modern equipment. Co-operative work programs are set up with local businesses, thus enabling the girls to "learn on the job." Accounting courses pave the way for future C.P.A.'s. Such an all-embracing business program provides an excellent opportunity for the career-oriented students.

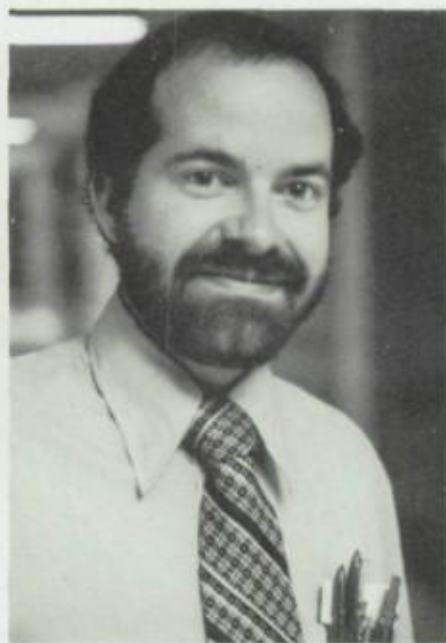

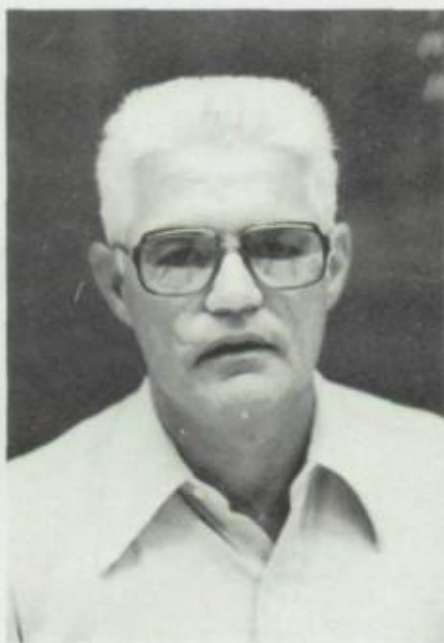

TECHNICALLY SPEAKING

Learning a trade, and being able to practice it in today's society, are the basic motives which encourage students to select a class in Industrial Arts or Vocational Agriculture.

A wide variety of course offerings, ranging from electronics and carpentry to architectural drafting and commercial art, are available to these students so that they are able to master specific skills. They build a strong foundation which often leads to a life-time career.

CREATIVE CREATIONS

Art is another dimension of Red Lion's curriculum. Freshmen capture the spirit of people living in various cultures through a study of different art styles. Wire sculpture, wood carving, three-dimensional designs, paintings, and sketchings enable upper class majors to express individual interpretation and to visualize their own world. Many students have received awards for their artistic compositions.

"EXERCISING" SPORTSMANSHIP

Gym classes develop physical fitness and coordination of mind and body. Students improve individual athletic skills and learn the meaning of selfconfidence, team effort, and good sportsmanship.

SAFE AND SOUND

Our "behind the wheel" program turns inexperienced people into safe drivers. Students master basic driving skills, learn traffic rules, develop keen judgment, and gain needed confidence. The course also employs books, films, and speakers for driver enrichment. Understanding the complexity of the human body, its various parts and functions, as well as its maintenance, forms the nucleus of our health classes. The use of filmstrips, lectures, and pamphlets highlight the importance of proper nutrition, body-care, and first-aid rules.

TAKE "NOTE"

Our music department offers a wide variety of new experiences. Those who are rostered for instrumental courses learn to identify various musical instruments and are taught how to play them. Those who participate in choral classes read and sing fine musical selections and also participate in the vocal programs. Red Lion's marching band performs at half-time at all football games, marches in local parades, and plays for special school programs.

~~Sorry!~~ Terry,
 a wild and crazy
 girl I know now
 and have known
 for a while. Always
 remember Mrs Grove.
 Mr Boring Shellenberger...
 and all them other
 great times, well
 I see ya around
 Stay Cool

Oh, Alma Mater, great and grand,
Renowned from sea to sea,
Where'er thy daughters and sons
shall stand,
they'll e'er be true to thee.
The sight of thy majestic halls
with mottos overstrewn,
The fondest memories recall
that we have ever known.

Oh, dear old Red Lion High,
Oh, dear old Red Lion High,
We'll e'er look back
to the Gold and Black —
Of dear old Red Lion High.

The story,

Not a really neat girl. I never knew anyone like you before. All

never forget the time we had in science. We got away with a lot of things. To you remember all the fun we had doing those lab's. For some reason since I've been sitting I got better grades. I hope to see you next year. Good luck in all the years to come.

If in heaven we don't meet hand in hand we'll stand the heat and if it ever gets to hot

pepsi cola hits the spot.

I don't know what to say if I got to keep it clean. I don't know what to say if I got to keep it clean. I don't know what to say if I got to keep it clean.

Don't worry about me in class. I'll be there. I'll be there. I'll be there.

Terry,
Remember all the
good times in
A-313 homeroom and
~~the~~ in Science.
Hope to see you
next year

true beauty

Now I am writing to you
 to tell you a few
 things. I am
 very glad to
 hear from you
 and hope you
 are well. I
 am well and
 hope you are
 the same. I
 am writing to
 you to tell you
 a few things.
